

SASANGA HASHANI

BICT Undergraduate

Software Quality Assurance & Software Testing

☎ +94 763667032 ✉ sasanga.h.ranasinghe@gmail.com 📍 Colombo, Sri Lanka [Portfolio](#)  

ABOUT ME

BICT undergraduate at the University of Colombo with an interest in Software Quality Assurance and Software Testing. Familiar with manual testing, test case design, defect reporting, and software testing processes. Have knowledge of SDLC, STLC, and Agile/Scrum methodologies. Seeking a Quality Assurance or Software Testing internship to gain practical experience, improve my testing skills, and contribute to software quality.

-

PROJECTS

Personal Portfolio Website (HTML | CSS | JS)

- Developed a responsive personal portfolio website to showcase academic background, skills, projects, and extracurricular activities.
- Performed manual testing to check website functionality, navigation, links, UI elements, and responsiveness.
- Identified and fixed issues found during the testing process.
- Checked the website across different screen sizes to ensure a consistent user experience.
- Deployed the website using GitHub Pages.

TaskMate – Mobile Task Management Application

- Designed the application UI in Figma and developed the mobile application using Android Studio and Firebase.
- Performed manual testing of the complete application to identify functional and UI issues.
- Identified and fixed issues during testing to improve the application's quality and user experience.

Agricultural Subsidy Management System

- Tested mobile and web application features to identify functional and UI issues.
- Checked updated features and existing functionality to ensure the application worked correctly.
- Identified and reported issues during testing and supported improvements to application quality.
- Designed UI/UX prototypes in Figma.

OrangeHRM Web Application – Test Automation | Selenium IDE

- Performed automated functional testing of the OrangeHRM web application using Selenium IDE.
- Created and executed test cases by recording user interactions and validating expected results.
- Tested key application features and reviewed test execution results to identify issues.

TECHNICAL CERTIFICATIONS

- Introduction to Software Quality Assurance - University of Moratuwa
- Software Testing for Beginners - Cursa
- Introduction to JIRA - Simplilearn
- Software testing with generative AI - Simplilearn
- Python for Beginners - University of Moratuwa

EXTRACURRICULAR ACTIVITIES
